|    | (ii) <b>Tree trimming:</b> Lesley Greensmith spoke with Mr Sauders regarding whether BT were prepared to clear the branches around their telephone wires running through the Willow trees outside Layston .BT's response was that it was not their problem. Additional quotes have been obtained to reduce the trees by 30%. The Clerk to check that the quote from "SJH Tree Surgery" includes clearing the site before asking that they proceed with the work at a cost of £370.  | Clerk  |
|    | <b>Ditch Clearance.</b> Following the November meeting, Herts Highways were asked if laying a pipe from the lower "blind" drain to the pond would solve the problem of excess water and whether Herts Highways would be happy for the Parish to do this and to what extent they wished to be involved? The response from Ian Bishop stated that this could go ahead as long as the contractor has a minimum of £10 million public liability insurance and is "New Roads and Street Works" accredited. Herts Highways would also need this information before they could approve any works on the highway. |        |
|    | The Council felt that this work should be undertaken by Herts Highways and that any further complaints about excess water should be directed to Highways.   |        |
